The second email will be sent upon verification of registration information and will include instructions relating to access and features of this service.

ACKNOWLEDGEMENT of CONDITIONS for ACCESS to and USE of this MQM service

- to use any information obtained from MQM responsibly in order to promote milk quality and herd health in your province and to benefit the dairy industry in general;
- to acknowledge the contribution of MQM in any publication and/or presentation; that the information shall be used only by the applicant and shall not be copied or distributed to any third party or used as a basis to sell products or services without the express prior written permission of MQM;
- not to disclose or otherwise reveal to anyone the username/password associated with the supplied MQM account credentials;
- that UPEI, AVC and MQM do not guarantee the accuracy of the data within the MQM database(s) and files(s). This is unofficial data and official data is available from your provincial Dairy Farmers association;
- that failure to adhere to any of the above terms and conditions may result in future access to MQM data being denied.
